I think we should stick with the whole naming-after-UKSF-froupers tradition. Bagsy me Michael, cos the rest of you have wankey names. Joe is ok, but I don't do shortened names, and Joseph is horrid. Maybe I could have Jonah instead? Osbourne's always a big hit with the ladies.

Oh good. I've finally got something to look forward to again, cos I should be going on holiday without the (small) child in September. Unfortunately I still have to take Nick with me. They're wrong, it never gets better, ever, ever. HTH

I'm using btnpierced because Ben has broad shoulders and I felt fucking bad using a picture of the only other cunt I could think of at the time. I have very narrow shoulders and an urge to kill. I lost my urge to kill a few weeks ago but it is back and stronger than ever after I failed to receive replies from several cuntmasters I contacted recently. Honestly, I must have dog shit smeared on my e-mail addy because even financial billing services don't reply to me. I'm thinking of sending death threats to certain World Leaders just to see if my fucking e-mail address actually works. I might get thrown into a hole for the rest of my life but at least I'll know those fucking webmasters were just ignoring me.

SCARY. HELP. My children will also be impeccably well-behaved most of the time, save for the occasional lapse that will show them to be human, but from which they will always learn a lesson. And, God help me, they'll probably be privately educated too. BTN

And, God help me, they'll probably be privately educated too. The moment my little Victoria Jr. is born, I will put her down for St. Mary's Wantage. Let her experience the torture, loneliness, and sheer depravity that is the boarding school experience in England. Dammit. It made me the cunt I am today.

In article <ncdob1t07c87pqmbit9apjd3sigvc6u...@4ax.com, vbarrett@the-beach.net says... (snip) The moment my little Victoria Jr. is born, I will put her down for St. Mary's Wantage. I was fuck near asleep by the time I got to this last bit, Barrett. Perked up, did I. Would you care to elucidate on these depravities? G'wan. It's like pulling teeth with me, isn't it? Question: Would you like your 8-year old daughter, scared, homesick, to be greeted her first night in a cold dormitory by the wet-towel brigade: a self-appointed bully group of older girls, who christen the newcomer by smacking her awake with wet towels? If answer yes, send her to boarding school. Question: Would you like to be an 11 year-old girl, inside a work lift with the head school lesbo, and escape by running away just as she's about to plant a kiss on you, in an age-old school tradition known to this day as lifting? If answer yes, send her to boarding school. Question: Would you like your daughter to learn etiquette, fair play, decency and stimulate physical and intellectual growth whilst being guided by an inspirational corps of tutors, instructors, and other Headmistresses ever to grace this earth? If answer yes, send her to boarding school. When I was young, I thought that it was some kind of evil joke played on me by my parents, and no way would I ever do that to one of mine. Today, the sting of those wet towels are but a memory. And all the other good stuff stayed.

or 'Jason' or 'Lee'. Or 'Jordan'. Or 'Crystal'. etc. Pfft. That's all well and good if you're naming human babies, Ben, but what if they were baby dinosaurs? Jason is a fucking great name for a baby dinosaur. Or Shirley, if it's a girl. Don't ever forget that. Joe
