# implantation bleeding Advice Needed Please - Implantation Bleeding + pg test ment([pg ment)

Posted by Michelle Ross - 2008/05/10 06:32

---

I had implantation bleeding with Logan that I totally thought was AF. Of course, I had some bleeding for most of the first trimester too. With Caitlin, I had what I would call spotting. Very much like you described. I don't have any advice/help to give you...just that I wish you luck!
